SUMMARY

Skilled and motivated Frontend Developer with over 4 years of experience in designing and implementing responsive and user-friendly web applications. Proficient in HTML, CSS, JavaScript, and modern frameworks such as React and Angular. Adept at collaborating with cross-functional teams to deliver high-quality digital solutions. Strong problem-solving abilities and a keen eye for detail, committed to enhancing user experience and optimizing web performance. Passionate about staying updated with the latest industry trends and technologies.

EXPERIENCE

Frontend Developer Intern

Frontend Simplified

📅 04/2024 - Present 📍 Remote

- Transformed a static HTML, CSS, JavaScript and React single page application into an interactive user interface using animations, transitions and carousels
- Processed API requests with Axios to dynamically represent data from a cloud server and represented it through skeleton loading states, pagination and dynamic routing
- Collaborated with a team of developers, contributing to a 20% increase in team productivity

Freelance Full-Stack Developer

Self Employed

📅 01/2024 - Present 📍 Remote

- Delivered 10+ professional websites using HTML5, CSS3 (+ SCSS, BEM), JavaScript and React best practises
- Improved website performance by compressing, caching and lazy loading images and components
- Included SEO, responsive, multi-platform and hosting support, enabling their website to be used by any browser or device in the world

Frontend Developer Intern

Twitter

📅 06/2021 - 08/2022 📍 Remote

- Actively participated in code reviews, providing constructive feedback and ensuring codebase integrity and quality
- Contributed to the troubleshooting and resolution of critical bugs, showcasing my problem-solving skills and attention to detail
- Engaged in daily stand-up meetings, presenting progress updates and discussing project roadblocks, fostering effective communication within the team
- Worked on a project with over 150,000 lines of code
- Collaborated with a team of 10+ developers to manage a \$500K project

EDUCATION

Bachelor's Degree in Computer Science

Western Governors University

📅 2020 - 2024 📍 Remote

Frontend Simplified Bootcamp

Frontend Developer Bootcamp

📍 Remote

SKILLS

NPM	Redux	Agile	Debugging

React	Javascript ES6+	Typescript	
OOP	Nextjs	Git	GitHub
Object-Oriented Programming			Angular

STRENGTHS

-  **Best Practice Development**
Know for using best practice development
-  **Web Technologies**
Proficient in basic web technologies
-  **Communication Skills**
Known for excellent communication

MY DEV PHILOSOPHY

Code with passion, design with empathy, and always keep learning. Embrace challenges as opportunities and prioritize the user's experience in every decision.

MY RECENT PROJECTS

Full Stack CRUD application

Created a fully responsive SAAS app using Nextjs, OpenAI API for generative text-to-voice, and full Authorization using Clerk and Convex.

[GitHub](#) | [Live-App](#)

Twitter Clone

Developed a social media app clone with functionality for posting tweets, sign-in/sign-out authorization and more. Using Nextjs, TailwindCss, Firebase and Redux.

[GitHub](#) | [Live-App](#)

IP Address tracker web application

Integrated Leaflet API to create an IP address search engine by domain or IPs which includes map GUI. Using React, JavaScript and TailwindCss.
